Cabrillo College Report

Matt Wetstein discussed the proposed legislation to change the state funding formula for California Community Colleges in 2018-19. The legislation alters the way funds are distributed from an enrollment formula to an enrollment, performance-based, and aid based formula and if enacted would decrease funding by \$4M in 2018-19. Matt also explained the Cabrillo College Promise, which will provide every full time, first year student, who has recently graduated from a local high school, one year of free tuition at Cabrillo.

Executive Director Report

Eileen Hill talked about the Association of Fundraising Professionals (AFP) Conference she attended with two other Foundation staff. She reported that talking to other participants and the information presented at the sessions reinforced that what we are doing here at the Foundation is on track. We are very fortunate to have such a supportive and involved Board and dedicated committees, which is not the case for other nonprofits. She said a big take-away from the conference was the importance of

connecting with new donors to increase their loyalty and continued giving.

Eileen talked about her participation in the Top 20 California Community Colleges Summit. At the Summit, she learned we are in the top 6 community colleges based on our asset level.

Eileen described some of our current fundraising efforts such as support for Foster Youth students and DACA students. Part of the work in supporting DACA students and families is to create a go-to resource website that contains all-important information in one place.

2017-18 Audit Discussion

After review of the 2016-17 Audit, Auditor Terri Montgomery, asked the Audit Committee members if they had any areas of concern the audit team should focus on for the 2017-18 Audit. Staff informed Terri that the Foundation master agreement with Cabrillo College will be updated in 18-19 to include the amount of in-kind value of rent, maintenance and utilities. The amount is based on the new district standard for rent, maintenance and utilities. The Foundation will be updating the 17-18 gift in kind of rent, etc. to \$28,710 instead of the projected \$13,230 in the approved budget.

Terri indicated the Audit team will focus on the biggest areas of risk, which in our case is investments, contributions, bequests and booked irrevocable trusts. Confirmations will be sent to banks to verify balances and also to donors to confirm donations. For bequests and donations, the team will be reviewing gifts to ensure gift restrictions were accurately recorded.

Discuss upcoming accounting standard changes

Terri discussed upcoming changes to the financial presentation starting with the 18-19 fiscal year audit (monthly in-house financial statements will look the same). The main change is to the net asset classifications. Instead of Unrestricted funds, Temporarily Restricted and Permanently Restricted columns, there will be two columns; one for Unrestricted funds and the other for Temporarily and Permanently Donor Restricted funds. Beginning, July 2019, there are changes relating to accounting for leases to record right-of-use asset and lease liability. Terri will review the Foundation's master agreement with Cabrillo College to determine if the new rules will apply to the Cabrillo College Foundation.

Superintendent/President's Report, September 10, 2018

Happy Accidents that Transform Learning

Sometimes accidents happen that can help shape the lives of an individual. In the case of Cabrillo College, we recently had an accidental discovery of historic artifacts that will help shape the learning experiences of our students not only for this term but perhaps for years to come.

It happened when a backhoe operator started digging up a sink hole in the Sesnon House parking lot on August 23rd. Little did he know that he would uncover a deposit of household materials dating back to the early use of the house by its owners. Upon discovery, it was clear that the site featured intact glass bottles from the 1850s, candle sconces, ceramics, and other household items that might be worth examining. Quick work by our facilities managers Tom Wyner and Jon Salisbury ensured that there was not significant damage to the artifacts found at the site. When they were notified, Cabrillo College administrators reached out to Archaeology Professor Dusty McKenzie and relevant county officials to ensure the site was treated appropriately under California law and county regulations. A local historical archaeologist, Sarah Peelo with Albion Engineering was able to consult with the college, help secure the site's boundaries, and recommend the intact burial of materials that were not disturbed.

Here's where the transformational learning comes in. Students in Dusty McKenzie's class have now begun cataloging items, fragments, and shards of glass that were found in the spoils of the site. Photos are featured below. An accidental find has created a unique hands-on learning opportunity for our students.

L - Sarah Peelo gives a lecture to Cabrillo students before starting the sifting process. R – Cabrillo students begin field work to analyze the dirt spoils from the Sesnon Parking lot site.

Opening Welcome Day, Flex Week & Seahawks Take Flight

The start of the fall term gave me my first opportunity to participate in opening day and opening week events. I very much enjoyed the opportunity to set the stage for the start of the year with my talk on the political and social context we operate in and the opportunity we all have to engage in professional development and learning experiences that move us out of our comfort zones. I want to particularly thank Kristin Fabos for the work that she did to organize the opening day presentations. Sue Gochis, Alta Northcutt, and a host of student services staff helped make the Seahawks Take Flight day a resounding success for our students. On August 21, I got to spend a few minutes talking about leadership with students who attended a day-long leadership training funded by Kate Terrell of Driscoll's Berries. Moreover, I dropped in on a few flex week sessions for faculty and they were well attended and clearly focused in on the Guided Pathways framework of student success. It was a great kick-off week!
