

Cabrillo College

FOUNDATION

2018 ANNUAL REPORT

Cabrillo President Matt Wetstein (center) meets with students at "First Gen" Welcome event

New scholarship announced to help those first in their family to attend college.

"We are here to help you," said Cabrillo President Matt Wetstein, as he welcomed a group of students who are first in their family to attend college. He announced a new scholarship that will give these students critical support. Local philanthropists, Bud and Rebecca Colligan, have made a multi-year commitment to award scholarships to 100 students who are trailblazing this path for their families (see full story on page 10).

"We are grateful to the Colligan family for helping these deserving students realize their ambitions," said Matt.

EXECUTIVE MESSAGE

Left to right: Matt Wetstein, Eileen Hill, and William Ow

Thank you for making 2018 a remarkable year for the Cabrillo College Foundation! The community has welcomed our new President, Matthew Wetstein, and he has worked tirelessly to meet our students, staff and our community of supporters.

With your help, the foundation continues to support our students in meaningful ways. We put over \$1 million in scholarship funds in the hands of students and \$1.3 million to student services and faculty support, such as programs that provide a safe space for former foster youth to study, tutoring, grants for faculty and more. The appreciation for Cabrillo and our students is strong and emphatic. Our students continue to face headwinds with the increasing cost of housing in our community — even hunger is an increasing concern, so helping students launch a career or transfer to a four-year college is as critical as ever.

"Cabrillo has been an important part of my family's experience and success in Santa Cruz. Family members have attended Cabrillo and we award the American Dream scholarships to deserving local students each year, so I'm excited to lead the foundation this year and to have a larger role in helping students achieve their academic dreams."

— William Ow, Cabrillo College Foundation President

WOMEN'S EDUCATIONAL SUCCESS (WES)

"I made the decision to go back to school and it has completely changed my life," reflects Dahlia, a hard-working student pursuing her dream. "My heart has always been in the medical field." She currently has a 4.0 grade average in the Medical Assisting program. She loves her classes and her program, so when she hit a crisis in her relationship, she turned to her faculty for help. "I didn't ask for money," she recalls, "I just needed support." They connected her to helpful resources, but realized she would need a little extra money to ensure her well-being and that of her son. They arranged for her to receive a WES grant of \$500, which she received the next day!

The Cabrillo community is pulling for our students to succeed. If a student has an emergency that threatens their education, the Women's Educational Success (WES) program helps our faculty and staff intervene with essential cash. Our WES Advisors are empowered to give a grant of up to \$750, often in as little as a week to a student who needs help. The WES program is funded by private donations and will award \$75,000 to students in need — providing a safety net for students like Dahlia.

The WES Committee, also known as Best Friends, champion the annual WES fundraising campaign. They are getting a helping hand from the Sharanam Foundation and the Wedeen Hammer Group at Morgan Stanley, who teamed up to match gifts of \$250 or more up to \$10,000.

"I've been a part of WES for years, because I believe it's one of the best ways to help a student in need. When you help someone through a hard time, they know that there are people pulling for them and that can give them a great sense of support beyond the much needed dollars."

— Lindy Bixby, DDS, Co-chair WES Committee

WES Committee front row left to right: Tonée Picard, Carolyn Mecozzi (co-chair), Lindy Bixby (co-chair), Patty Quillin, Pat Alvarez, Bunny Tavares. Second row: Karen Semingson, Rhonda Bonett, Leola Lapidés, Angie McClellan, Amy Newell, Cathy Conway, Kimberley Dawn, Sue Broadston, Mary Spire, Pam Goodman, Mary Culley. Not pictured: Pat Barton, Peggy Downes Baskin (co-founder), Mary Anne Carson, Freney Cooper, Julie Hanks, Janet Krassow, Nancy Machado, Mara Palandrani, Cathy Richards-Bradley, Rachael Spencer (co-founder), Kate Terrell, Teresa Thomae, Karri White, Donna Ziel.

"I'm really grateful for the support! I got a boost and I'm at the point now where I can work on myself and not be stuck. I'm proceeding to make a difference in myself and out in the world and that's what I want to do."

— Dahlia, 2018 WES Recipient

AMERICAN DREAM

"I aspire to follow in your footsteps by helping other students achieve their goals just as you have helped me," said Jordan Perez to the Ow Family as she received her American Dream Scholarship. George Ow, Jr. and his family continued their long tradition of awarding local high school graduates the American Dream Scholarship, this year helping 141 students.

"I went to a community college because it was what my family could afford. I needed to live at home and work in our little store daily to make college work, so that was my only choice. I found out that community college was a great fit for me. Great teachers sparked my thirst for knowledge, propelling me through the community college, state college and UC systems — and that spark continues to this day.

When I see the excited high school seniors aspiring to go to Cabrillo, I see myself 58 years ago and want to help them on their path."

— George Ow, Jr.

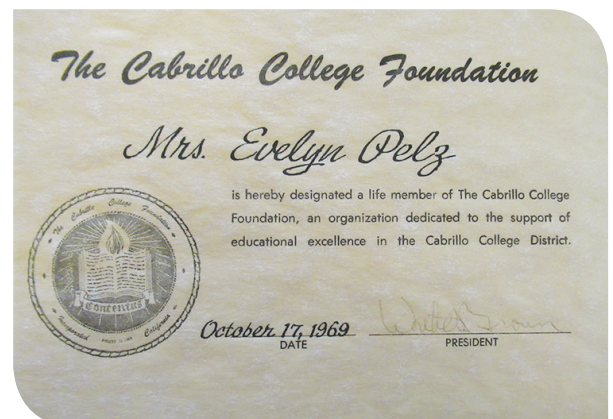

The foundation was amazed to learn of an estate gift that had been planned originally in 1977. Through this gift, we have come to know one of Cabrillo's most generous benefactors and an extraordinary woman, Evelyn Pelz, whose appreciation for Cabrillo will give students a boost for years to come.

Evelyn Pelz was the mother of two sons living in Pasatiempo, when her eldest son Bill attended Cabrillo on the GI Bill. She was so impressed with his experience she committed to leaving Cabrillo in her estate plans. According to those who knew her, she was a deeply spiritual woman who believed the world worked in mysterious, but magical ways.

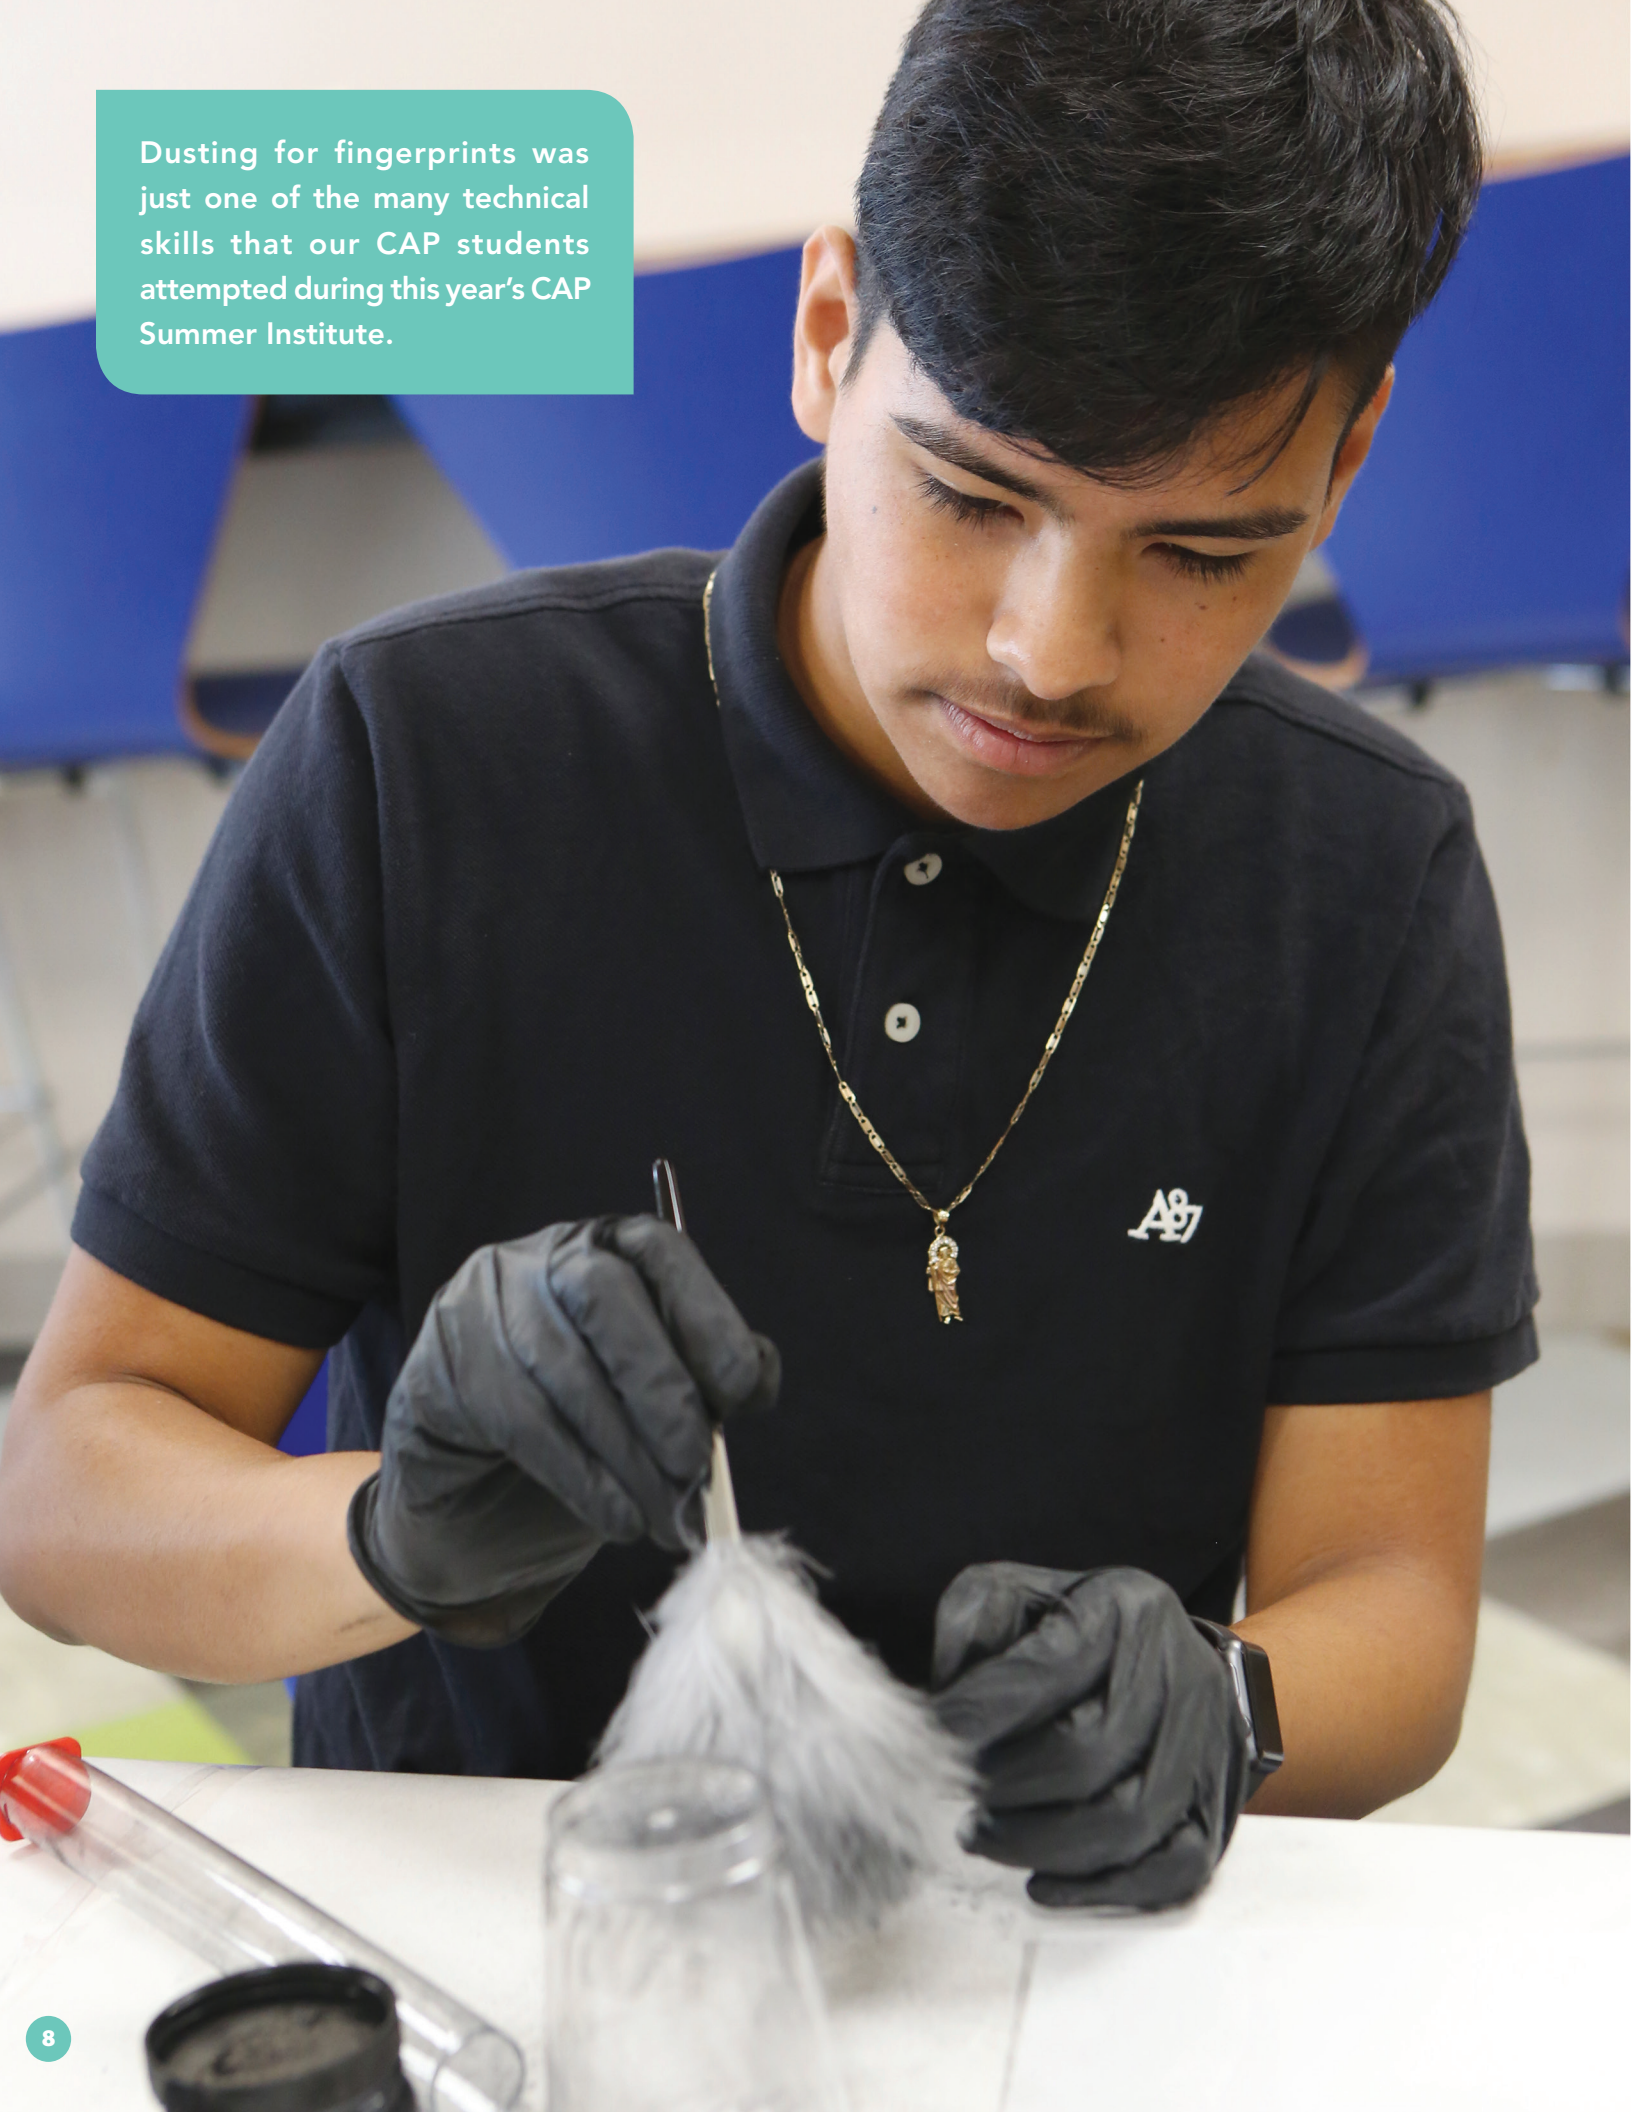

With 41 years of careful stewardship by her friend and noted investor, Arnold Van Den Berg, Cabrillo received \$1,170,507 to establish the Pelz Family Endowment to support the area of greatest need at Cabrillo College. Each year, this will help fund college priorities that aren't funded through traditional channels. This will allow the entire college to benefit in perpetuity and the generous and kind spirit of Mrs. Pelz will live on.

"The gift that Mrs. Pelz gave to Cabrillo College was a way of paying the college for the tremendous impact Cabrillo College had made on her son Bill's life. It is the ultimate proof of karma."

— Arnold Van Den Berg, Trustee of the estate and friend of Evelyn Pelz

Dusting for fingerprints was just one of the many technical skills that our CAP students attempted during this year's CAP Summer Institute.

CABRILLO ADVANCEMENT PROGRAM (CAP)

The Cabrillo Advancement Program (CAP) has guided hundreds of students toward graduation. Each year, the program identifies 60 low-income sixth graders in Santa Cruz County to receive counseling, after-school tutoring, family outreach and support for academic development. Students who graduate from high school are eligible to receive \$3,000 for their first and second years at Cabrillo.

"My brother and I are happy to continue supporting the program that our mom loved and helped grow. She was passionate about supporting those starting out with less. Giving to the CAP program is a great way to give young people a hand up — and the promise of a college education!"

— Chris Samper, Son of the late Barbara Samper, long-time supporter of the CAP Program

Pictured below are three former CAP participants, whose hard work and dedication is paying off: they recently transferred from Cabrillo to pursue their four-year degrees. As one former CAP student said, "The CAP program gifted me all the tools necessary to accomplish my goals. With the CAP program, I was able to attend a four-year university and complete my degree in sociology. The fundamentals I learned through attending the CAP program continue to help me achieve my dreams."

SCHOLARSHIPS

Colligan Family Scholarship

During our graduation ceremony last spring, Cabrillo President Matt Wetstein asked the graduates to stand if they were first in their family to attend college. Well over half collectively stood. It was a moving moment that demonstrated the vital role Cabrillo plays in introducing new families to the benefits afforded by a college education. While many First Generation students are honored to have opportunities that their parents have not had, we know it comes with challenges as well. Thanks to Bud and Rebecca Colligan, some of the financial stressors will be eased through the new Colligan Family Scholarship. The Colligans have made a multi-year promise to help 100 students a year with scholarship funds. "We believe in the power of education to truly transform lives and families," says Bud Colligan.

"I am the first male in my family to get a college degree. I'm working on my transfer units to San Jose State to go into Sports Medicine and I would like to be a chiropractor someday, as well. I receive grants and financial aid through Cabrillo. It's a blessing to have resources at Cabrillo that allow me to be a full time student and to focus on my classes completely. I am grateful and I do not take my opportunity for granted."

— Chieyne Avant

"I never thought I would go to college, because none of my family members have gone to college. But then I attended some workshops and I went to a program where they talked about Cabrillo. There is a lot of pressure, because I'm the oldest out of three brothers and one sister. It's pretty hard on my parents as well. I work while attending school, because even though I wanted to be a full time student, I see the struggle that my family goes through. I want to help my parents financially, so that they can buy my siblings clothes when school starts and help them in that way. My family is very proud of me."

— Esmeralda Lopez

HELPING ONE STUDENT AT A TIME

The Cabrillo College Foundation is proud to have awarded 1,031 student scholarships last year. Easing the challenge of attaining an education helps a student walk through the door of a classroom and step that much closer to reaching their educational and career goals.

"I am using my scholarship money to help ensure my educational success. I have already used some of it to purchase my textbooks, scrubs, and new school supplies — who doesn't love new pens? This scholarship has already changed my life. As most people, I don't acknowledge my own success. But when you get a scholarship, it puts your hard work and effort into perspective.

I am a hardworking student, but this scholarship has made me want to work even harder. This has made me feel like I can be successful and achieve my goals. Thank you for your faith in me, your generosity, and your support in my success."

— Audra Holderman,
Medical Assisting student
2017 Recipient of the
High Achiever Scholarship

LASTING IMPACT

Wanda Garner was a beloved faculty member at Cabrillo College for 30 years before her long-deserved retirement in 2016. She retired as the Dean of Natural and Applied Sciences and was the force behind math, science, and engineering for many years at Cabrillo College. To honor Wanda in her retirement, Cabrillo faculty, staff and friends banded together to establish the Wanda Garner Scholarship, which was given as a surprise gift at her retirement party.

In 2017, Wanda passed away unexpectedly, leaving friends and family shaken. Wanda's legacy includes a commitment to educating students and teaching the teachers. A gift of \$150,000 from Lee and John Garner in memory of Wanda, their sister, will be divided evenly to endow the Wanda Garner Scholarship and establish the Wanda Garner Professional Development Endowment for Math Faculty. Lee and John's generous gift in memory of Wanda will provide support for math students and faculty through scholarship awards and professional development funding in perpetuity.

She was such a brilliant woman with a disarming wit, and even bigger heart. Wanda was respected and well known for her intellect, integrity, work ethic, advancement of STEM and her ability to be a great friend to the people in her life. Her hard work and dedication made a tremendous impact on Cabrillo College and on the lives of so many students.

"Wanda was firmly committed to the value of community colleges and we are pleased that this gift will support both the deserving students and caring colleagues that she held so dear. She inspired many throughout her years at Cabrillo and we are hopeful that this gift in her memory will continue to fuel others that share her passion for math."

— Lee Garner, Wanda Garner's brother

PRESIDENT'S CIRCLE

"We are very fortunate to live in a community that values education. It is gratifying to be a co-chair of the President's Circle and to see the incredible outpouring of support from our friends and neighbors who value Cabrillo as much as I do."

— Ceil Cirillo, President's Circle Committee Co-Chair

The President's Circle at Cabrillo College recognizes dedicated friends of the college who support our mission and vision through unrestricted annual gifts of \$1,000 or more. These partners share a love of higher education and a deep appreciation for the role Cabrillo plays in our community. It's a committed group of individuals, who enjoy signature events on campus.

*Special thanks to students,
donors, alumni, and faculty
who contributed to this project.*

Last year our supporters gave \$4 million to help Cabrillo College

Here's the impact:

IMMEDIATE NEEDS

\$2.3 million was distributed to the college for student scholarships and college programs

1,031 students received scholarships

36 faculty received grants to improve classroom experience

annual gifts make large impacts

available now

LONG TERM INVESTMENT

This year **\$2.1** million is being invested for the long term benefit of students

stability for changing circumstances

The foundation has an endowment of

\$25 million ensuring we can help students for generations to come

lasting security

foundation for the future

Join us and help a student succeed!

"It's wonderful to spend time with those who want to help our students. Please call, email, or drop by my office anytime. I would love to hear from you!"

— Eileen Hill
Executive Director

GUARDIAN SCHOLARS PROGRAM HELPS STUDENT DIVE INTO HER STUDIES

The Cabrillo College Guardian Scholars Program is a space on campus for motivated students who want to attend Cabrillo and are currently or have been in foster care at any point in their life. With generous funding from an anonymous donor, students like Martina (pictured left) have access to resources that many students rely on their families to provide.

With the help of a scholarship, Martina, an aspiring marine biologist, was able to travel to the outer islands of Micronesia (Ulithi Atoll) last summer with her professor and students from UC Santa Cruz to participate in research mapping the bottom of the ocean floor.

"This is truly a once in a lifetime opportunity, and I am extremely grateful for the scholarship support. I would not have been able to afford this trip without this help. "

— Martina, former foster youth and 2018 Guardian Scholarship Recipient
