### Cabrillo College President Report

Matt Wetstein spoke about his participation in the Community Colleges of California Task Force that is studying affordability, food and housing issues of community college students. The task force is working on policy recommendations for the legislature to increase affordability for students attending community college. Currently, the net cost of attending a community college in California is higher than attending a UC. A major flaw in the funding model is that the Cal-Grants are only tuition based and do not take into account the total costs of attending college such as housing, food, and clothing. Therefore, community college students receive a disproportionate amount of financial aid compared to university students.

Matt also spoke about a current movement in California community colleges to create residence halls at lower costs to help alleviate the housing shortages for students. He talked about colleges that are considering using offsite facilities to build pre-fab housing units prior to assembling onsite, which helps lower overall cost of construction.

Matt spoke about the stabbing on campus and his appreciation for all of the staff, faculty and students that responded quickly and helped avert a major tragedy. He talked about the ongoing training that will be taking place on campus to increase safety.

### <u>Cabrillo College Foundation Vice President Report – Sue Gochis</u>

Sue talked about her team's initiative to address food instability among Cabrillo College students. One measure is providing students with food cards that have a community food hotline students can call to find out locations and services providing free food. Another measure is Cabrillo's collaboration with Second Harvest Food Bank to sponsor "free farmer's market" days twice a month on campus. Using funding from the Chancellor's office for staff and delivery costs, over 1,000 pounds of produce and dry goods were given out in one hour at the first Fresh Market at Cabrillo and 1,500 pounds in the second market.

Sue also reported that the first year of the Cabrillo College Promise has provided 150 students with free tuition. Her goal is to expand the program to include funds for other costs of attending college such as housing and food.

### <u>Cabrillo College Foundation Vice President Report – Victoria Lewis</u>

Victoria talked about the college's focus on emergency planning and preparing for the next bond.

<u>Cabrillo College Foundation Vice President Report – Isabel O'Connor standing in for Kathleen Welch</u> Isabel gave an update on Guided Pathways in its second year. She reported that program maps have been created for all majors giving students details on which classes to take and in what order to complete their degree. The team is now moving on to creating maps for certificate paths as well.

### **Executive Director Report**

E. Hill reported that she attended the CASE Conference for Community College Advancement. She attended a session on Planned Giving where she learned about a campaign at Cuesta College to strengthen planned giving. Cuesta purchased a list of 20,000 names of local residents of a certain age range, and mailed a post card asking if these residents had named Cuesta College in their estate plans. They received 13 replies and at the same time planted a seed for potential planned giving. She attended a session on Scholarship Administration and got valuable ideas on streamlining our process at the Foundation. She learned about how foundations can support college bond campaigns. She was also able to visit a donor, Peter Weber, who funds a scholarship here at Cabrillo and is naming Cabrillo in his estate plans.

Board of Trustees Report, February 4, 2019

Matt Wetstein

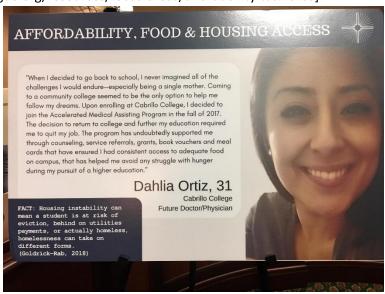

### Sacramento Update

The semester is off to a strong start...and I spent the weekend before and the first day of school in Sacramento with several board members in CCLC workshops (many thanks to Christina Cuevas, Leticia Mendoza, Dan Rothwell, and Adam Spickler for making this commitment to their professional development). We attended a number of session related to Board and CEO roles, the Brown Act, ethics, the community college policy landscape, budget issues, the funding formula, affordability issues for students, and how to lobby the legislature effectively. We used our newly acquired information to help prepare a strategy for talking about Cabrillo College and its students with legislators. On January 28 we visited the offices of Assembly members Robert Rivas and Mark Stone, along with Senator Bill Monning. Our discussions focused on key priorities for the college and our students: 1) making the cost of attending college more affordable; 2) endorsing the idea of a second year of free tuition under the College Promise Program; 3) stressing the need for deferred maintenance and instructional equipment money; 4) emphasizing the need for relaxed regulations on repeatable coursework for our lifelong learners; and 5) enacting reforms to the Student Centered Funding Formula that more favorably equalize our rates of funding. We were excited to receive strong support from our legislators.

### Affordability, Food, and Housing Access Task Force

I've attended seven meetings of the CCC CEO Task Force that is studying solutions, analyzing effective practices, and considering policy approaches to help students deal with housing and food insecurity concerns. Our work culminated in a policy briefing in the Sacramento Capitol on January 28<sup>th</sup>. Recommendations from the task force and the full report will be available later this spring. But one of the highlights of the briefing was the three student stories that were presented by courageous students who have overcome challenges in their lives to succeed in college. Cabrillo student Dahlia Ortiz (pictured below) was represented at the briefing in a poster. Materials related to the task force can be found at the CCLC website link provided <a href="https://example.com/here/briefles/">here</a>.

SUBJECT: Faculty and Staff Grants

#### **Faculty and Staff Grants**

Cabrillo College Foundation has three grant programs to support Cabrillo College faculty: Faculty Grants for Student Success, Crocker Endowment Grants, and the Engineering and Applied Science Endowment. Grant recipients are selected through an annual proposal process.

This year the Cabrillo Foundation awarded a total of \$102,836 to Cabrillo staff and faculty to enhance student learning and increase student success. In November, a committee of Foundation Board Members, Cabrillo faculty, and community members reviewed proposals and selected projects to award.

The Faculty and Staff Grant Awards Reception was held on Wednesday, January 23<sup>rd</sup> at the Sesnon House and we had a nice turnout of 63 guests. Award recipients had the opportunity to share about their projects and all guests celebrated with food and wine after the program.

2018 Funded projects are listed in the program attached.

Current committee members include: Cherie Barkey (HASS), Owen Brown, Ted Burke, Ceil Cirillo, Francisco Iniguez (BELA), Amy Newell, Gun Ruder, and David Schwartz (NAS).

Cabrillo College received a US Department of Education STEM grant to develop the curriculum for a Sustainable Agriculture Technology A.S. Degree and construct a new greenhouse for students to participate in hands on training in the field of Sustainable Agriculture Technology.

Ag Tech is the intersection of agriculture and technology; it is an emerging industry with new career opportunities. How will robots, big data, drones, and vertical farms shape the agriculture and horticulture industries? No one yet knows! Our goal is to create diversely trained Ag Tech graduates who are knowledgeable in high tech productions systems and prepared to shape the future of sustainable, high tech agriculture. Course work crosses six departments so students will be prepared to combine skills in data management, computer information technology, geographic information systems, and engineering into plant science and high tech agriculture production. Students will learn about sustainable agriculture while getting hands on experience growing plants.

#### Ag Tech Advisory Summit: March 5th 10am – 12pm

Cabrillo College Foundation Board Member, June Ponce, is helping Cabrillo gather together a select group of farming colleagues to gather for a tour of the Horticulture and Ag Tech facility and share their wisdom and feedback of their needs with Cabrillo College.

Ag Tech Grand Opening Celebration: TBD (March 19th or 20th 5:00 – 7:00pm) Celebrate the opening of the new Ag Tech greenhouse and launch of the Sustainable Agriculture Technology Degree. Join us for student led tours, refreshments, and opening ceremony.

#### Description

The Cabrillo College stadium is an asset to student, youth, and adult athletes throughout the county with 200 – 300 athletes using it daily during the academic term. The Cabrillo College stadium turf was last resurfaced in 2005. The anticipated lifespan was 8-10 years, which it has outlasted by five years. The turf has become a liability for our students, student-athletes and the community members who use the stadium. The deterioration of the turf is apparent in the exposed hard surfaces and drainage issues. Compaction tests show very poor results for the absorption of impact.

Cabrillo College has committed to replacing the surface this spring with a completion goal of May 2019 in time for graduation ceremonies and summer youth camps. The cost of the project is \$1.2M, with \$800,000 committed from college funds. The College has tasked the foundation to fundraise for \$400,000 in private donations to help complete the project.

#### **Fundraising**

- An anonymous gift of \$100,000 has been received to match gifts of \$250+

SUBJECT: Cabrillo Advancement Program (CAP) Update

PAST PRESIDENT Stephen Snodgrass Description

COMMUNITY

The Cabrillo Advancement Program (CAP) is a scholarship and support program designed to increase the academic success of high risk, low income students and to support their preparation for attending college. CAP includes 350 participants in 12 schools throughout Santa Cruz County. CAP scholars are selected through a competitive process open to students who qualify for free or reduced lunches.

REPRESENTATIVES

Beginning with the first year of middle school and continuing through high school, CAP students receive after-school tutoring and participate in counseling and extracurricular activities that sustain their commitment to preparing for college. Students who complete CAP receive \$3,000 in scholarships upon high school graduation for their first and second year at Cabrillo.

COLLEGE TRUSTEE REPRESENTATIVES

CAP has shown amazing success in high school graduation and college-going rates compared to similar population. Last year, 75% of CAP high school seniors reported going to college—either Cabrillo or directly to a four-year university, exceeding the college enrollment benchmark of 49% by 26%.

COLLEGE STAFF REPRESENTATIVES Matthew E. Wetstein

Cesar Chavez Middle School in Watsonville and Branciforte Middle School in Santa Cruz are the top priority middle schools in Santa Cruz County that are not part of the CAP Program with students with the greatest need. CAP prides itself on the fact that it is a permanent program. Unlike other program services offered that go away once public funding is depleted, CAP is a permanent program offered to the at-risk youth of our county. We have received an anonymous gift of \$350,000 and donor intent to provide an additional \$1.4M over the next four years to add Branciforte Middle School to the CAP Program!
