

Cabrillo College FOUNDATION

2021 ANNUAL REPORT

Cabrillo's tutoring program receives big boost!

Amani is a student tutor preparing to transfer and finish her Civil Engineering degree at a four-year school. She is benefitting from a \$2.6 million gift from an anonymous donor to provide the funding Cabrillo College needs for peer-to-peer tutoring, and permanent funding each year to employ students with a part-time tutoring job. These tutors will help 300–500 students each semester! Amani credits the program with helping her excel in her own studies when she has to tailor her tutoring to each student's approach to the subject. "I tutor in anything math-related, chemistry, physics, and engineering. Working as a tutor is amazing! I'm here 20 hours and it's on campus. The flexibility is everything when you are a student. It's been a huge help! Even when I'm not working, I'm here."

EXECUTIVE MESSAGE

With the community's generous support, the foundation provided \$2.1 million for scholarships, faculty and program funding, and student services.

The foundation is grateful to the many volunteers and donors who help ensure that Cabrillo can offer our students the resources they need, in order to provide the highest level of education possible.

It means a lot to me to help students in our community in a direct, tangible way. The gratitude they express is so uplifting. Giving back to the community through the foundation brings fulfillment and a great sense of optimism about our future.

— Matt Wetstein
Cabrillo College President

I serve on the Cabrillo Foundation Board to continue a focus on volunteering to support public education in the communities in which I live and work. I am so impressed and motivated by the great work Cabrillo does serving our community and it is an honor to help in any way that I can.

— Gun Ruder
Cabrillo College Foundation President

I'm so inspired to work with our talented and thoughtful board members and community volunteers to make affordable education an option for all. I love helping students and seeing them succeed in their academic endeavors.

— Eileen Hill
Cabrillo College Foundation Executive Director

BOARD OF DIRECTORS

The Cabrillo College Foundation Board of Directors is a group of dedicated community members.

Our board of directors share a common passion for enriching our community through inclusive higher education. We appreciate the tireless work of our board members for joining us in our mission of providing the best possible support for all our students to achieve educational success.

Our board members are nominated by committee and serve a six-year term. Each member also serves on one of the many committees that steer our operations and our fundraising activities — they are the heart and soul of our success!

Patty Quillin
Vice President

I think Cabrillo College is a real gem in our community, offering excellent educational opportunities for people from all walks of life. I want to make sure this resource continues to be available for future generations, so that's why I serve on the foundation board.

Rachel Wedeen
Secretary

I am honored to serve as a member of this innovative and involved board of directors. Together we are challenged to maintain high standards as guided by this impactful community resource with our sights set for a future that is both dynamic and expansive.

Pegi Ard
CFO

I love serving on the Cabrillo College Foundation Board because as a retiree of the college, it provides me an opportunity to continue to participate in supporting our students and our vibrant educational community.

Claire Biancalana
Past President

For all my professional life I've devoted my energy to educating members of our community. I have been blessed by personally witnessing countless students fulfill their educational goals. The work of the foundation allows me to continue helping students achieve their goals and be contributing members of our community.

Rob Allen

I grew up on and around Cabrillo's campus because my mom taught Spanish there full time for about forty years! I serve on the board of the foundation to give back to Cabrillo for its positive impact on my family, and to help support its ability to continue doing the same for other families now and in the future.

Michele Bassi

I proudly serve on this board because of what Cabrillo brings to our entire community — both economically and academically. And now I am a proud parent of a Cabrillo College Freshman!

BOARD OF DIRECTORS

Ceil Cirillo

We are very fortunate to live in a community that values education and recognizes the opportunities that Cabrillo offers to our veterans and health care providers through the Student Veterans Endowment and Allied Health Programs. I continue to support these important programs through my annual giving to the Cabrillo Foundation and hope others in the community will do so.

Karen Cogswell

I proudly serve on the foundation board because it's important to do everything I can to keep access to higher education open to everyone in Santa Cruz County. Cabrillo is the gateway to a better, more fulfilling future for all, no matter what their circumstances.

Kathryn Cowan

I've worn a couple of hats during my tenure at Cabrillo College: first, setting the foundation in motion in the early '90s; then teaching English for 30+ years. Today I'm honored to be part of an outstanding team of development professionals and volunteers, all striving toward a common goal: helping our students succeed in an ever more challenging world.

Paul De La Cerda
VP Instruction

As a Cabrillo Foundation Board Member, I am able to make significant contributions of time and resources to support the college mission, and most importantly, share my passion for true excellence in education at Cabrillo College.

Matt Huffaker

The foundation taps into the tremendous potential of every student, and goes above and beyond in removing barriers to accessing a quality education. In so doing, the foundation helps students from all walks of life to reach their full potential, now and into the future.

Amy Lehman
VP Student Services

I serve on the board as a way to stay connected to the community, and to find opportunities to hear from and celebrate students that have benefitted from the work of Cabrillo College and the foundation. It's a great platform to make important connections, innovate, and improve the lives of students.

Kelly Nesheim

In a small way, serving on the board gives me the opportunity to support students attending Cabrillo — especially to those students needing a second chance that a junior college provides.

Ed Newman

For me, my public service and philanthropy are focused on organizations that directly benefit the local community. Cabrillo College is a huge asset to Santa Cruz County and worthy of personal and financial support from those in the community who are able.

Bradley Olin
VP Administrative Services

I serve on the Cabrillo Foundation Board to facilitate supporting the best possible academic environment we can create. Stewarding precious donor resources for sponsored programs and philanthropic activities makes so many more things possible for us, and I am grateful to contribute.

Erica Ow

I love Cabrillo and the access to education that it allows for everyone. I'm proud to contribute my time to Cabrillo, an institution that does such great things for so many in our community.

BOARD OF DIRECTORS

Cory Ray

Our community is so fortunate to have Cabrillo College, which is such an important bridge to economic security. I am honored to serve on the foundation board and hope that my knowledge and connections in the Santa Cruz County community can help advance the work of supporting students.

Maria Esther Rodriguez

I am honored to serve on the Cabrillo College Foundation Board because of the positive impact it provides to many, many deserving students, the wonderful programs it supports and so many benefits the community experiences!

Dan Rothwell
College Trustee

The essential function of the foundation is to support student success. As a college professor for 47 years, I cannot think of a better reason to want to serve on the board now that I am retired from teaching.

Karen Semingson

I originally agreed to serve on the board because I thought my financial background as a CPA might be of use to the board. However, as time goes on, I feel I'm getting much more than I'm giving. I've had the opportunity to learn about all of the amazing programs the college offers and see first-hand how the foundation supports students and programs. It's definitely been a win-win!

Rachael Spencer
College Trustee

Serving on the board provides an opportunity to contribute toward equal access to an excellent education — the mission of the college. Board members share a belief in the power of higher education and we are honored to assist students in achieving their goals.

Trevor Strudley

As a life-long learner, I enthusiastically support the right of our community to participate in higher education, whether a student is straight out of high school or has already embarked on a career. Cabrillo offers such variety of learning — vocational and recreational. I'm excited to serve on the board to enable better access to higher education for all our community.

Kate Terrell

I serve on the Cabrillo Foundation Board because education opens doors to new opportunities, perspectives, skills and capabilities that allow individuals to thrive and grow. Building a better world starts with education.

Julie Thiebaut

Education is the single best thing you can do to better yourself. I love Cabrillo College and I serve to provide opportunities to those who need a helping hand.

Kristin Wilson
Faculty Representative

I serve on the Cabrillo Foundation Board because I believe in supporting students.

Donna Ziel
College Trustee

As a board member, I am proud to support the foundation, where exceptional staff members manage programs that effectively support our faculty, staff and students with grants and scholarships. These programs enhance the instructional experiences of our students and help them complete their educational goals.

WOMEN'S EDUCATIONAL SUCCESS (WES)

"WES grants are an incredible resource for us in Financial Aid! We are often connected with students experiencing financial emergencies that may impact their ability to continue their education. Being able to offer them the opportunity for a WES grant and being able to get the funds into their hands quickly, not only helps them out of a crisis, but allows them to focus on continuing their education and being successful as a student."

— Holly Goodman, WES Advisor/Financial Aid Advisor/
Scholarship Coordinator at Cabrillo College

Women's Educational Success (WES) provides crucial aid for many of our students at Cabrillo.

Unexpected expenses can prove to be a great challenge for students, sometimes causing them to consider dropping out of school altogether. WES provides rapid relief with grants of up to \$1,000 that are usually received the same week, and have been proven to help students stay on track with their educational goals. \$100,000 will be available to help students this year.

Dental Hygiene student, Elizabeth Baltierra, had heard about the WES program from Associate Dean of Allied Health, Dr. Cynthia FitzGerald, at the start of her term — so when her Corolla needed a \$500 head gasket, she knew where to turn for help.

With a commute from Gonzales, her car is essential for getting to school. Elizabeth has been working in dental offices since 2003, and already has a couple of job offers waiting for her. With the help of WES, she's back on the road and will soon be working in the field she loves!

The annual WES campaign is run by a dedicated committee of volunteers:

Co-chairs: Mary Culley, Tonée Picard

Committee Members: Peggy Downes Baskin, Cofounder • Shannon Brady • Sue Broadston • Lynette Cleland • Cathy Conway • Freny Cooper • Kathryn Cowan • Cynthia Druley • Cynthia FitzGerald • Corrine Flanagan • Peggy Flynn • Pam Goodman • Amy Ivey • Kathleen Jones • Janet Krassow • Chris Maffia • Angie McClellan • Martina O'Sullivan • Mara Palandrani • Carolyn Parham • Gail Pellerin • Patty Quillin • Karen Semingson • Rachael Spencer, Cofounder • Bunny Tavares • Kate Terrell • Karri White • Kristin Wilson • Donna Ziel

Thanks to a generous grant of \$20,000 from the Sharanam Foundation and the Wedeen Hammer Locatelli Group at Morgan Stanley, donations of \$250 or more were matched this year.

A woman with long, dark, wavy hair is smiling and looking towards the camera. She is wearing light blue medical scrubs. She is standing on a balcony with a metal railing. In the background, there is a building with large windows and some greenery.

"I'm relieved and grateful to the donors that made this happen, because sometimes we have emergencies that make us question if we can continue with our studies or if we need to drop out."

**– Elizabeth Baltierra
2021 WES Recipient**

THE DAN NUTLEY ENGINEERING SCHOLARSHIP

Pictured: Jo-Ann Panzardi and Chris Nutley

In appreciation for a life of kindness: The Dan Nutley Engineering Scholarship

Cabrillo engineering alumni, Chris Nutley, is giving back to Cabrillo. He credits the benevolence of his late father, Dan, and a chance encounter with Cabrillo's Engineering Department Chair, Jo-Ann Panzardi, for setting him on a path for success. Now a Senior Construction Superintendent at Joby Aviation, his future didn't always look so bright. "I went down kind of a bad path," he explains of how he ended up exploring Cabrillo's campus after 10 p.m. one weeknight. That's when Jo-Ann Panzardi appeared from her classroom to investigate. "Five minutes later, she had me in her office and she was writing a schedule out for me for the next few years — and the rest is history," he laughs.

When Chris speaks of his father, he uses words like dedicated, hard-working, and self-starter. He says, "He always put other people first," and that is why Chris decided to start a scholarship in his dad's honor. "Being able to have something like this for him is nice. We scattered his ashes up where we dive for abalone and that's where he wanted to be. So there's no headstone, and this scholarship kind of memorializes him. It's so good to be able to help students in the Engineering Abroad program, who are in turn helping people in impoverished countries. It's a little bit of money that is going a long way."

CABRILLO ADVANCEMENT PROGRAM (CAP)

When you ask Jose Morelos when he joined the Cabrillo Advancement Program (CAP), he shakes his head and says, “I never left!”

Jose was one of the first students to pilot the program back in 1991. He credits seeing people “like him” who spoke Spanish and understood his background for giving him the belief in himself to go to college.

He remembers seeing his counselor in her office and thinking, “I want an office like that someday.” Now a counselor at Pajaro Middle School with an office in the library, he continues to work with CAP students providing the same kind of guidance that inspired him to get a BA in Criminology and a Masters in Counseling Education. He explains, “This is a very poor, rural community, where most of our students and parents don’t speak English. They have no idea about college or what it takes to get there, but once they see me, it gives them hope. Without the CAP Program, I don’t think I would have looked further than high school. I am the only one in my family to attend college.”

The CAP Program is so much more than a scholarship program. CAP provides one-on-one support through counseling, tutoring, and exposure to college through events held at Cabrillo — from the 6th grade through high school. Students attending Cabrillo College receive \$3,000 in scholarships.

SCHOLARSHIPS

Scholarships support our students directly, and open doors to bright and fulfilling futures. During the 2020–21 fiscal year, we awarded nearly \$1.3 million in scholarships to 1,297 students. Investing in a student’s potential pays endless dividends.

Sheila Moya

Cabrillo College Dental
Hygiene Scholarship

I come from a family where I will be the first in my household to graduate college. My father had gotten ill and passed away from cancer, so all the major responsibilities for providing for my family were passed down to me. I knew the best way to help provide for my family is to further my education and establish a career.

Thanks to your generosity, I am able to ease my stress of any financial burdens and can continue to focus on my studies. Thank you again for your help and I am very grateful for your support.

Jasen Levoy

The Monte Toole Engineering
Endowed Scholarship

This scholarship award helps me focus on where I’m going. With an education in mechatronics, I will have the ability to contribute at a high level to free minds and hands for the creative work people are best at.

I then want to take what I have learned and teach this field to the next generation. To this end, I want to earn a Master’s degree in the subject and begin preparing to transfer to a four-year college to complete my Bachelor of Science in Mechanical Engineering.

I am deeply grateful to those who have helped me along this path. Thank you again for helping me realize my goals. To me, this award says, “Keep it up!”

Heidi Lopez

Mr. and Mrs. Richard Mehne Cabrillo
Commitment (S4C) Endowed Scholarship

I am so thankful for being awarded this scholarship. It really means a lot to my family and I. I come from a low-income household and both of my parents work in agriculture. I will be the first in my family to graduate high school and go to college. My dad only went up to 5th grade and my mom finished middle school. They always encourage my brother and I to finish school so we won't have to struggle like they did. Receiving this scholarship is going to help my parents and I pay for what I need at college. It will help me focus more on my classes because I won't be too stressed about how much debt I will need to pay.

Edgar Mora

The Ted Bowen Memorial
Endowed Scholarship

I want to express my gratitude for awarding me as the recipient of the Ted Bowen Memorial Endowed Scholarship. I have successfully transferred into Cal Poly San Luis Obispo, with an intended major in Electrical Engineering. I'd like to study for a career in the solar industry. It is my goal to develop systems that are going to be beneficial for both society and the environment. I cannot express my happiness enough for being selected for this award. I feel honored to have been chosen. Knowing that there are people in this world that want me to succeed is an enormous motivator. Once again, thank you for this honorable scholarship.

INSPIRED BY THE AMERICAN DREAM...

When the Ow Family started their American Dream Scholarship 32 years ago, no one could have envisioned how many people in our community would be inspired by their gifts to help students fulfill their dreams.

The Ow Family has helped hundreds of local high school students embarking on their college career with scholarships. A few years ago, Brian and Patti Herman stepped up to offer American Dream recipients a second year scholarship and the Colligan Family have created a scholarship for those who are the first in their family to attend college. These scholarships help so many students at Cabrillo find, pursue and realize their own dreams.

Danely Lazo
American Dream Scholarship

Growing up in a less-privileged community has not only offered financial and academic challenges, but has also helped me realize the value of a college education. I believe that college would be unattainable for me since I come from a lower-class family and wouldn't have the resources to cover my education. Knowing that there are scholarships such as this one opens up millions of opportunities and takes weight off my shoulders and my parents.

Yan Bañales-Garcia
Brian and Patti Herman American Dream
Second Year Scholarship

I write to express my enormous gratitude for the scholarship I received. I was so excited to open my award letter! My ultimate goal is to transfer to UC Davis and get a B.S. in Electrical or Mechanical Engineering. I can now breathe a little easier and not have to worry about how to pay for my books. As a STEM student, I am alarmed by how expensive my books are. For example, I recently purchased a calculus book that cost me \$200. This scholarship money is a big lifesaver. I promise to use this money wisely.

Saryna Parra
Colligan Family Scholarship

Thanks to your generosity, I'll have some weight lifted from my shoulders this semester. This scholarship will not only help me financially, but will also give me what I need to succeed. I plan on buying a new computer with the money gifted to me. This will help me so much during these hard times. Online school during a pandemic is not the easiest with an old computer. But once again, thanks to this wonderful scholarship, it will make things so much easier. Thank you for your generosity and consideration during these hard times. It means the world to kids just like me, who are the first in their families to attend college. Thank you!

Owen Brown has been involved with Cabrillo College and the foundation for the last decade — first, as a President’s Circle member, and also on the Cabrillo College Foundation Board of Directors, where he served as the foundation’s president.

“I really enjoy being involved with the institution. I feel that Cabrillo is a worthwhile cause. I am very interested in education as an important part of society. It feels like our current generation has messed things up for the world,” Owen chuckles, “I’m hopeful the next generation can come along and create new solutions, and you do that through education.”

Owen and his wife, Mary Akin, updated their estate plans after they got married 10 years ago. He explains “I like to support the organizations that are important to me — it’s just an extension of my belief that the Cabrillo College Foundation is a terrific organization and I want to support it in any way that I can.”

PRESIDENT'S CIRCLE

"When my daughter wasn't enjoying her freshman year of high school, she decided to enroll at Cabrillo. She ended up transferring to a four-year university at 18 with 23 college credits, which was wonderful, but even better was that being at Cabrillo taught her to love learning and value education. She was excited about learning in a way that hadn't happened for her in high school. I will love Cabrillo forever, because of that personal connection."

— Vance Landis-Carey, President's Circle Co-chair

The President's Circle offers an opportunity to join a generous group of alumni and friends whose annual support of \$1,000 or more opens doors for students who otherwise might not have access to a college education.

President's Circle members contribute to building one of the most robust community college scholarship programs in the state and are a vital part of our success. With their help, the foundation awarded over 1,000 student scholarships last year!

No student should ever be denied a quality education because of cost. Together, we can ensure that all students are able to pursue their academic passions to their fullest potential.

Committee Members:

Co-chairs:

Linda Burroughs
Vance Landis-Carey

President's Circle "Sammy Sparkler"

Serves 1

In a rocks glass with ice, add:

50 ml vodka

3 oz. (1.5 shots) of cranberry juice

Juice one slice of orange

Fill to the top of the glass
with sparkling wine.

Stir

Add one slice of orange for garnish

Cheers!

Despite the ongoing pandemic, the President's Circle has been able to enjoy virtual events with goody bags delivered to members' homes — cocktails included!

"Meeting with people who want to help students is the best part of my job. I'd love to hear from anyone interested in getting more involved with Cabrillo."

— Eileen Hill
Executive Director

A CELEBRATION OF UNITY ON CABRILLO'S APTOS CAMPUS

A colorful and symbolic mural now welcomes all students on the Aptos campus. Painted by Cabrillo Alumnus Francisco Alonso and funded with a grant from the foundation and the Associated Students of Cabrillo College, the project was unveiled as part of Hispanic Serving Institutions Week in September.

Describing his vibrant work, Francisco explained, "My intent was to make a story in the form of a totem, with universal symbols that honor the elements of life, water, fire, earth and wind to manifest our transformation to become closer to one another and become one, 'Unity.'"

At the event, Cabrillo President Matt Wetstein remarked, "The college aims to foster a greater sense of belonging among our diverse student body, celebrating the rich tapestry of racial, cultural and linguistic ways of living and knowing, that are present in our community."
